## **DETAILED ACTION**

### ***Response to Amendment***

The amendment filed on December 10, 2003 amending the claims drawn to the elected invention and presenting only claims drawn to a non-elected invention is non-responsive (MPEP § 821.03). The remaining claims are not readable on the elected invention because newly amended claim 21 and newly submitted claims 45-56 are directed to an isolated genomic DNA comprising nucleotides 1 to 2450 of SEQ ID NO:8 which exhibit promoter activity in seed coat, and are thus directed to the non-elected invention of group VI set forth at pages 2-3 of the restriction requirement mailed January 27, 2003 and withdrawn from consideration at page 2 of the office action mailed September 8, 2003. As a consequence of the amendment filed on December 10, 2003, all of the claims pending in the instant application are directed to non-inventions.

Since the above-mentioned amendment appears to be a *bona fide* attempt to reply, applicant is given a TIME PERIOD of ONE (1) MONTH or THIRTY (30) DAYS, whichever is longer, from the mailing date of this notice within which to supply the omission or correction in order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD UNDER 37 CFR 1.136(a) ARE AVAILABLE.
